Along the Biscayne Canal in the pristine community of Miami Shores you will find Miami Country Day School, a PK3-12th grade college preparatory school. But before there was a school, there was a camp. Our founders knew that learning could not end with the academic year. They recognized how summertime provided a chance to build on the important lessons of the school year in a fun, relaxed environment.

More than 90 years after the founding of the summer camp that started it all, the school’s advanced 23-acre campus — equipped with 24-hour security, a weather alert system, and two full-time registered nurses — continues to offer premier summer programming in South Florida. With a diverse range of offerings to choose from in 2020, you are bound to build your best summer yet.

APPLICATION PROCESS
Visit us at summer.miamicountryday.org to begin your application. Keep in mind that every camper must be fully registered and paid before they can attend camp.
Registration for each week closes at midnight on the Saturday prior to its commencement. Our staff is available by phone and in person should you need help registering.

REQUIRED MEDICAL FORMS
All families must submit an ‘Authorization for Administration of Prescription and Non-Prescription Medication’ form to our school nurse prior to beginning of camp. The form is available online and will be distributed during our Parent and Camper Meet and Greet.

REFUND POLICY
Refunds are available under certain circumstances. Please visit our website or refer to the parent handbook for our full refund policy.

SCHEDULING A CAMPUS TOUR
We encourage you to stop by and visit us. Individualized campus tours are available upon request. If you are interested in meeting us and touring our beautiful campus, email us at summercamp@miamicountryday.org.

SAFETY & VISITING CAMPUS
Miami Country Day prides itself on putting the safety and security of our campers and staff first. The gated campus requires all visitors to show a picture ID and go through a quick background check before entering. Authorized individuals listed on a camper’s registration form are eligible to receive a Summer ID for ease of entering our campus. IDs are available at the Welcome Center, located in our garage Monday through Friday from 8:00am-4:30pm beginning June 1st.

LUNCH
Sage Dining Services provides a well-balanced, hot and cold lunch menu sure to make even the pickiest of eaters happy all summer. Additionally, the menu is posted online and on the Sage app for easy reference.

INCLEMENT WEATHER
We keep the campers under cover if there is lightning within a three-mile radius. If this occurs during arrival or dismissal, parents will be required to wait in their cars until the threat subsides or park and go to each child’s program location to pick up or drop off their camper.

PARENT AND CAMPER MEET AND GREET
All Summer Program camp families and guardians are invited to our Parent and Camper Meet and Greet on Thursday, June 4, 2020 at 6:00pm.
Your campers will be able to enjoy some fun activities and you will be able to meet with camp directors and staff. We hope to see you there!
**Day Camp**

At our most popular summer program at Miami Country Day School, campers benefit from a variety of activities, as well as special events based on the week’s theme. Every campers’ day is tailored with age-appropriate activities to ensure maximum safety and the best possible enrichment experience. Campers travel with their cabin friends to different activities, including canoeing, go-karting, arts and crafts, science, cooking, drama, sports, martial arts, music, hip hop, yoga, DJ-ing, and more! Rest time is built-in for our youngest campers.

Our caring, hands-on staff lead activities from camp classics to new favorites to create an unforgettable summer for every camper.

**Daily Variety**

We strive to give each camper a full experience. Every day is different. Each camp day starts in our award-winning Center for the Arts with the Morning Blast Off – an epic DJ-led pep rally with musical performances and competitions – the rest of the day lets campers enjoy over 40 activities.

**Theme Weeks**

Each week has its own theme with special events and activities tailored to that week’s theme. Our full theme week calendar is available online. Additionally, Friday Fun Day events feature special guests and activities, and weekly Movie Nights on Friday evenings finish the week off just right!

**Daily Swim**

The one staple on each camper’s daily schedule is swimming! Weather permitting, Miami Country Day Camp prides itself on having every child swim every day. If your camper cannot swim, our lifeguard-certified instructors will teach them to swim during their scheduled pool time.
The Counselor in Training program is open to students who have a passion for camp and want to become tomorrow’s leaders. Our CIT program is continually revamped each year to include more exciting activities and learning experiences including weekly field trips, team building, and educational enrichment programs. Morning Blast Off!, Friday Funday, and theme weeks are all still included in this program.

COMBO CAMP

Can’t decide between Day Camp or our full-day Specialty Camps? Now you don’t have to! Try one of our amazing NEW Combo Camps. You get the best of both worlds with a morning of Specialty Camp and an afternoon of fun-filled Day Camp activities. Plus, you don’t have to miss out on camp classics like the Morning Blast Off, Friday Funday, theme weeks and camp shows. Choose the perfect Combo Camp option for you and feel free to switch up week after week. Offerings will include Painting Picasso’s, The Magic of Math, Fun with Engineering, Rockets and Drones, My First Lemonade Stand and Bath Bomb and Candle Making amongst others.

COMBO CAMP OPTIONS

Soap, Candle, and Bath Bomb Making  GRADES 1 - 6
Enjoy some good, clean fun! Participants will learn and leverage the ‘melt and pour method’ to make soaps, bath bombs and candles. Each creation will be available to take home. Now, that’s something to look forward to.

Top Flight  GRADES 1 - 6
Top Flight is all about exciting, hands-on STEM (science, technology, engineering, and math) education. We help develop a passion for science using drones, rockets, virtual reality, 3D printing, and a whole lot more. Every week is different with activities based on Day Camp theme weeks.

E.S.O.L.  GRADES 1 - 6
One of our most requested activities, ESL program (English Second Language), is designed to help students learn English as their second, third, or in some cases, fourth language. Our teachers are bilingual, helping students to develop their speaking, writing, reading, and listening skills.

Maker Camps  GRADES 1 - 6
For kids who love to build, design, create, craft, learn, and have fun! This program encourages creativity, development of ideas, experimentation, innovation and imagination. Facilitators support learning through design and help foster the DIY (do it yourself) spirit. Maker Camps will include:

- Fun with Engineering
- Cardboard Creations
- 3D Pens and Printing

Art Camp  GRADES 1 - 6
Artists will use different materials and techniques to create unique and empowering projects that stimulate creativity, imagination and expression. A new project is created each day that may include drawing, painting, printmaking, sculpture, or mixed media. Arts Camp will include:

- Fashion
- Painting
- Drawing
- Recycled Art

Magical Math Camp  GRADES 1 - 6
A spellbinding and engaging opportunity to learn problem solving and deepen understanding of the magical world of math.

Feet of Fire Dance Camp  GRADES 1 - 6
Today’s youth is very much into learning dance and its various forms, be it hip hop, salsa, or even the traditional dance styles. Feet of Fire camp will invite students to experience a variety of dance techniques and styles.
COMPETITIVE STROKE CAMP

The cornerstone of the Competitive Stroke Camp’s success is the dedication to helping campers improve each of the four strokes when it comes to technique, training and race strategy. A balanced curriculum emphasizes swimming efficiently, training effectively, working as a team and having fun. This holistic approach to becoming a better swimmer is at the essence of “Total Performance” and is one of the reasons swimmers find success with our camps. Training is highly personalized with small-group instruction, low swimmer-to-coach environment, team and leadership building sessions, daily video analysis of strokes and classroom sessions. Most importantly, campers have FUN - both in and out of the pool - with scavenger hunts, variety shows, games and meeting new friends! The camp accommodates both the novice and highly-trained swimmer.

Please note this is not a learn-to-swim camp. We recommend campers to have had at least one season of competitive swimming and know how to swim all four strokes.

THE CURIOUS WORKSHOP
The curious workshop is all about exciting hands-on creativity and STEM education. We encourage the whole family to build, create, and explore together in our new state of the art Garner Innovation Center. Enter an open space full of arts and craft supplies, 3D printers, rockets, and exciting technology. Families have the freedom to choose from a wide variety of age-appropriate daily activities, projects, and fun experiments. Compete against other families, create gifts for one another, or simply bond together as a community. Daily snack and beverages available throughout the day.

STAR WARS ENGINEERING: BUILDING & PROGRAMMING
Take your passion for LEGO’s and your imagination to the next level, as you work with a team to build Star Wars droids using the all new LEGO Boost learning platform. Imagine the possibilities when you and fellow “padawans” learn how to build and program three different Star Wars droids: the lovable R2-D2, the Gonk Droid, and the Empire’s Mouse Droid. In addition to building amazing droids and learning to code, you will have tons of additional Star Wars themed engineering missions to complete with your team. May the Force be with you!

DIGITAL PHOTOGRAPHY & GRAPHIC DESIGN
See the world through a new lens, as you learn how to take photographs and edit them like a pro! Explore photography techniques, learn about digital camera functionality, gain hands-on experience taking photographs and discover how to digitally enhance your images using graphic design software on a computer. No prior experience with digital cameras or graphic design is necessary. All skill levels are welcome.

GAME DESIGN & ROLLER COASTER SCIENCE

The camp day is divided into two topics:
In the Game Design portion, campers learn the basics of video game development and design games by hand with Bloxels and tablets. In the Roller Coaster Science session, campers work with instructors to learn the basic engineering behind roller coasters and use K’Nex to build models that demonstrate how roller coasters work.

3D GAME DESIGN: FEATURING PORTAL 2
(Intro and Intermediate)

If you like 3D-based video games then this camp is for you! Portal 2 is a first-person, puzzle-platform video game that challenges you to use your wits to solve complex problems. Campers will use 3D game engine software and Portal 2 to create an adventure that features intricate labyrinths, puzzles and traps. All skill levels are welcome.

SPORTS CAR RACING & ROBOT CHALLENGE

The camp day is divided into two topics:
In Sports Car Racing & Design campers compete against each other and race Anki smart cars and also work in teams to design and build large Anki race courses. During the Robot Challenge campers will be provided an introduction to robotics that will show them how to pre-program, code and operate a robot through a variety of tasks.

SCIENCE OF ROLLER COASTERS & MINECRAFT

Amusement Parks are filled with lots of heart pounding fun, as well as multiple opportunities to learn about science and engineering. Learn about the physics of roller coasters while exploring kinetic and potential energy, and centripetal force. Campers build and test, physical and “virtual” roller coaster models using various computer programs, including Minecraft. You will create virtual roller coasters, build scale models with K'Nex and experience the thrill of the turns, loops and drops! The camp day is divided into 3 periods. Two thirds of the day are spent working on science and engineering of roller coasters and approximately one third of the day is dedicated to working with Minecraft. No prior experience is necessary! All skill levels are welcome.

ROBLOX: DESIGNING OBBYS

This camp is designed for campers who want to learn how to create their own video game levels. Using ROBLOX, a gaming platform where campers can play and build game worlds, campers will produce their own immersive experiences, called OBBYS. With ROBLOX as your game engine, your game design is only limited by your imagination. Campers will learn how to build 3D adventures, races, and obstacle courses.

ROBOTICS 101

Explore the exciting world of Robotics! Working in small teams, learn how to design and build a robot using LEGO® MINDSTORMS®. Program your robot to perform project-oriented tasks and challenges. For novices, start with the basics of construction and programming. For the more experienced, develop sophisticated programming and engineering skills. No prior experience with LEGO® MINDSTORMS® necessary. All skill levels welcome.

**MINECRAFT 4 KIDS: LEVEL UP**
Experience the amazing world of Minecraft. Build virtual reality in a sandbox-like environment using tablets to challenge your mind and create your own adventures. This fun and engaging camp will spark interests, foster creativity and help maximize learning potential. No prior experience necessary. All skill levels welcome.

**3D DESIGN: VIRTUAL REALITY AND 3D PRINTING**
Adventurous and courageous campers will explore 3D worlds and dive into amazing and immersive experiences. This camp focuses on 3D design and provides introductory lessons to 3D art software, tools and games. Campers are given the opportunity to see their work come to life with virtual reality through printing samples of their work on a 3D Printer!

**TACKLING THE COLLEGE ESSAY**
For 12th graders only. Preparing for the college essay to use during the application process. The students’ college essay is their opportunity to reveal their best qualities and to show an admission committee what makes them stand out from other applicants. We work with our students to help them with this important piece of their application.

THE TRUE CHALLENGE? SELECTING A CAMP!

SPARTAN CHESS CAMP
Miami Country Day School has a vibrant chess community throughout the year. The Spartan Chess Teams have captured several regional and State Championships. The MCDS campus hosts several chess tournaments on campus that bring in scholastic chess players from all over South Florida. Chess campers will join this community by learning the rules and knowledge required to play chess sociably and to compete in scholastic chess tournaments. In addition, they will be entertained with chess themed videos and maybe even learn to beat their dads at chess!

Each camper will receive a Spartan Chess t-shirt and an official U.S. Chess Federation Staunton design tournament chess set. They will also be registered for a free ChessKid.com account.

LEGO WORKSHOP
The LEGO Workshop is part of our S.T.E.M collection of courses: Science, Technology, Engineering, Arts and Math. They are a powerful suite of courses designed for 21st Century learners. If you can think it, you can build it! This workshop will allow Lego-building enthusiasts and newcomers alike to delve into the world of Legos and boost their building capacity. Lego building enhances motor skills and patience, and is often associated with problem solving, and engineering.

ASPIRING FASHIONISTAS
In this “glam” program for boys and girls, campers gain knowledge of the fashion industry and develop skills in fashion design, fashion marketing, fashion journalism and branding. Campers explore popular brands, analyze industry trends (e.g., athleisure), design various articles of clothing, define their own brand, outline a layout for their favorite store, launch a fashion blog and more!

**BUDDING ENTREPRENEURS**
If you love “Shark Tank,” this empowering camp is for you! Join other intrepid campers and develop a business plan for your own business idea. You will learn to take risks and persevere, while making “business-like” decisions about strategy, marketing and finance. Campers build confidence “learning by doing” throughout the week and make their “pitch” presentations on the last day of camp!

**JUNIOR CEOs**
How cool would it be for you to be the boss of Apple, Under Armour or Amazon for a day? In this unique leadership program, you can do just that! Students act as CEOs for leading companies and work in teams to make strategic recommendations addressing real business issues. Students enhance their problem-solving skills, develop business savvy and cultivate a strategic mindset as future leaders!

**TEEN EXPLORER CAMP**
Teen Explorers is intended for teens in grades 7 - 11 who enjoy making new friends and socializing. Explorers attend amazing daily field trips and participate in teen-oriented projects and team-building activities. Each week is a new experience – from indoor sky diving, escape the room, go-karting, water sports, roller skating, paintball fighting and more. We will enjoy our creative side with weekly arts and crafts projects. Explorers will be given two shirts, please have your teen wear their camp shirt the whole week.

**SUPER HERO CAMP**
Come be a superhero for the week and take on the world’s biggest villains! Design your chosen super hero costume and partake in several heroic activities!

**JUNIOR EXPLORER CAMP**
Join this Junior Explorer camp for a week of fun-filled trips! This camp is designed for campers in grades 3-6 who enjoy new adventures. Junior Explorers will experience weekly arts and crafts, and daily activities such as: go-karting, water sports, paintball fighting, roller skating, ropes course, roller skating, laser tag, and our indoor game room, museum and more! Explorers will be given two shirts, please have your junior camper wear their camp shirt the whole week.

**SURF SKATE CREATE**
Surf: Your child will learn to surf or improve their skills through a team of experienced watermen.
Skate: Campers will skate every day! Participants will learn proper equipment fitting, safety and skate technique. They will achieve this through various obstacles and personalized lessons.
Create: Campers will design their own personal skateboard from concept to completion. In addition, campers will learn proper routine for maintaining their skateboard.

- Study approaches in auditioning for your school musical roles.
- Perform in a fully staged version of a Broadway musical

**CULTURAL SPANISH IMMERSION**

We will immerse and engage our campers in the culture of Spanish speaking countries while learning the language through fun and enriching activities.

We believe that cultural programs open the eyes of students to see the world, understand people, and express compassion.
